

Digital Befriending Guidelines for Beneficiaries

Speak to your volunteer in a communal area e.g. living room. NOT in bath or bed

Keep parents/guardians updated about your sessions.

Only do activities you are comfortable with.

Report any concerns to your parents/guardians or SVC.

Let your parents/guardians or SVC know if a volunteer has let you down.

Leave a website if you see anything that makes you feel worried or unsafe. Tell an adult straight away if this happens.

When creating an online profile don't show; your real name, age, or where you live. Use strong passwords, and different ones for every account and device. Get a parent/guardian to help you if you need.

If you have any questions or concerns,
then please contact Johnny the SVC Project
Coordinator on 07776158486

Conversation Topics

“My name is...”

“I am from...”

“How are you?”

“I like...”

“I dislike...”

Please note: Phone calls through SVC's Twilio platform are recorded for safeguarding purposes
